PARENT EVALUATION REPORT

The purpose of the home evaluation report is to allow the Staff of the Tri-City Young Marines an opportunity to assess the results of our program when our Young Marines are not with us. It is our fervent hope to be able to exert a positive influence on their lives and behavior when in less structured environments. Your assistance in filling out this form is both beneficial and greatly appreciated. Please have YM return this form, along with a copy of their last report card, ASAP. Or, you can mail them to the address listed above. Thank you!
